

BLUEBELL DAYBOOK

Monday 9th of May 2022

SELF-DIRECTED ACTIVITIES

CHOOSING BIBS BY OURSELVES (SELF-HELP SKILL)

HYGIENE PRACTICE

In the morning group of bluebells, children gathered around the mat near gravel area for the group time. Before we started to read our book, we acknowledged the country together to pay our respect to the land where we are playing and learning. The educator showed the big picture book "The Teeth" by Emmaline Marvig, and the children turned to the educator to look at what was in the book. We talked about the good food for our teeth and which food damages our teeth. Also, the educator explained the children that we need to brush our teeth two times per day. After that, the educator provided the children with teeth models and toothbrushes to practice brushing their teeth. While practising, we sang a song, "brush...brush...brush upper, lower brush...brush".

OUT AND ABOUT

Monday 9th of May 2022

CHILD-LED OUTDOOR PLAY

SHARING TOYS TO FRIEND

Jonno called "Anna" because he wanted to share a toy car with her. Later on, he brought two cars and gave one to Anna. Anna touched the toy car, played and moved the wheel.
