

BLUEBELL DAYBOOK

Monday 22nd April 2024

Engaging in Various Activities

Learn about Dental Hygiene

This morning, Eranga initiated intentional teaching by singing, "This is the way we brush our teeth", which encouraged the children to gather and participate in the activity. Then, the "educator introduced a poster that showed parts of our mouths. After seeing the pictures, the educator introduced the teeth mannequin and toothbrush to emphasise the importance of maintaining good dental hygiene by brushing our teeth. During the activity, Aiden, Lou, Fritz, Zayden, Chloe, Alden and Fred had the opportunity to practice brushing their teeth. Aiden showed keen interest in brushing the teeth of the mannequin, saying, "Brushing up down".
