

BLUEBELL DAYBOOK

Tuesday 23rd April 2024

Making Anzac Biscuit

Story Time "Hungry Caterpillar"

Today, the educator invited the children to discuss various types of food from the book "The Very Hungry Caterpillar". To begin the group time, the educator handed each child a caterpillar toy as they sat on the mat. The children showed interest in the caterpillar by holding and examining it. Fritz happily wiggled the caterpillar with a smile. Next, the children looked at pictures of the food the caterpillar ate throughout the week in the book. Chloe sat next to the educator, attentively listening to the story from beginning to end, displaying a great attention span. Following the book reading, the children picked up vegetables and fruits from a basket and pretended to feed them to their caterpillars while learning their names. Adrian enjoyed exploring the different food toys by mouthing and touching them. Through this experience, the children learned about healthy food (vegetables and fruits) by seeing pictures and exploring props.

Child-led Play

Language and Literacy Time
